

A VALUABLE OPPORTUNITY FOR EMPLOYERS

Many employers continue to feel the impact of the COVID-19 pandemic. As the effects have continued into 2021, the government has issued new legislation to help struggling employers and individuals. One of the most recent pieces of legislation, the Consolidated Appropriations Acts (CAA) of 2021, was signed into law on December 27, 2020. One key component in this legislation is the extension of and major changes to the Employee Retention Credit (ERC). Currently the credit is available for 2020 and 2021. Each year has different requirements and credit amounts. These are detailed in the following table.
